

TITLE I - PUBLIC SCHOOL CHOICE
Criteria for Set-Asides

To meet the requirements for choice-related transportation the Local Educational Agency, Tazewell County Public Schools, must use an amount equal to 20 percent of its Title I allocation (unless a lesser amount is needed). These funds may come from Title I, Part A; specifically designated school improvement funds received from the state under §1003; Title V; or state, local or private sources. If a Local Educational Agency uses Part A funds, it may take the fund “off the top” of its allocation. Tazewell County Public Schools (LEP) is using Part A funds. (The New Title 1: The Changing Landscape of Accountability, pg. 169)
